It has also claimed that the MOHFW on the advice of Council has granted permission to various Deemed to be Universities establish Medical Colleges under their ambit. In it representation dated 15.03.2014, the applicant has drawn attention to the name of Institution that have deemed University status and have been granted LOP by the Central Govt. The Competent Authority may consider directing the UG Section to examine such cases, and see whether there were objections raised by State Government in those cases also.

2. *In this regard, on record is the State Government letter dated 27.12.13 in which it has requested asked the Council not to process the application for starting of MBBS course by GITAM Institute of Medical Sciences and Research, Vishakhapatnam without obtaining the consent of affiliation from Dr. N.T.R. University of Health Sciences, A.P., Vijayawada. The State Government has referred to section of Dr. NTR University of Health Sciences Act, 1986 [Act No. 6 of 1986] which has been quoted in the said letter and provides as under:-*

6. Jurisdiction and admission to privileges.

(1) no medical college in the state of Andhra Pradesh imparting education in health sciences shall, save with the consent of the University and the sanction of Government be associated in any with or seek admission to any privileges of any other University in India.

(2) Any such privileges enjoyed from any other University before the appointed date shall be deemed to be withdrawn with effect from such date.

3. *The State Government has further stated in its letter that in view of the provisions of the Act. 6 of 1986, without obtaining the affiliation from Dr. N.T.R. University of Health Sciences, A.P., Vijayawada no institution can establish a medical college under Deemed University status.*

4. *I am of the considered opinion that in view of the federal nature of Indian polity the Council/Central Government should give respect to the Act of State Legislature and accede to the request made by the State Government. Therefore, the Competent Authority may consider recommending to the Central Government that in view of the request made by the State Government on the basis of an Act of State it would not be appropriate to further process the application for starting of MBBS course by GITAM. “*

In view of above, the Committee decided to return the application recommending disapproval of the scheme for establishment of a new medical college at Visakhapatnam, Andhra Pradesh by Gandhi Institute of Technology & Management (GITAM), Visakhapatnam, Andhra Pradesh u/s 10A of the IMCA Act, 1956 for the academic year 2014-15. since there is no provision for keeping the application pending.

The meeting ended with a vote of thanks to the Chair.
