1. **Minutes of the Executive Committee Meeting held on 31<sup>st</sup> Jan, 2015**  
**- Confirmation of.**

The Executive Committee of the Council while confirming the minutes of the meeting held on 31<sup>st</sup> Jan, 2015 decided to include the following paragraph as a part of the decision in item nos.71, 72 & 74 of minutes dated 13.01.2015:-

**71. Sree Gokulam Medical College & Research Foundation, Trivandrum, Kerala – Renewal of Permission for admission of 5<sup>th</sup> Batch of MBBS students against the increased intake i.e. from 50 to 150 for the academic session 2015-16.**

The Executive Committee of the Council further noted that the Institute has admitted students for 2014-2015 pursuant to order of Hon'ble Supreme Court after filing undertaking dated nil in the name of Dr. A.M. Gopalan and Dr. K.K. Manojan which states as under:

*".....We hereby solemnly affirm that the defects which had been recorded at the time of last inspection by the representative of the Medical Council of India has been duly rectified and at present the defects pointed out in the report do not exist. If the statement made in the undertaking is found to be incorrect at the time of next inspection, we understand that our Bank Guarantee deposited with Medical Council of India for renewal of seats from 50 to 150 will be forfeited by way of penalty".*

In view of the deficiencies listed above, it is amply evident that the institute has failed to rectify previous deficiencies which are still persisting.

The Executive Committee of the Council also perused the order of Hon'ble Apex Court dt. 18/09/2014 & 25/09/2014, the operative part of which reads as under:

"The relevant portion of the order dated 18.09.2014 passed in W.P. (C) No. 469/2014 by the Hon'ble Supreme Court is reproduced hereunder:-

*" Heard the learned senior counsel appearing for both the sides.*

*Looking at the peculiar facts and circumstances of the case and, especially, when several seats for medical admission are likely to remain vacant for the academic year 2014-15, we are of the view that these matters require urgent consideration and we are giving these interim directions under the provisions of Article 142 of the Constitution of India.*

*There is one more reason for passing this interim order. We are conscious of the fact that number of physicians in our country is much less than what is required and because of non-renewal of recognition of several medical colleges, our citizens would be deprived of a good number of physicians and therefore, we are constrained to pass this order, whereby at least there would be some increase in the number of physicians after five years. We are running against time because the last date for giving admissions to MBBS Course for the academic year 2014-15 is 30th September, 2014.*

*We also desire to reconsider the directions given by this Court in the judgment of Priya Gupta v. State of Chhattisgarh [(2012) 7 SCC 433], but at this juncture, as we do not have sufficient time to decide all these petitions finally, we are passing this interim order and the matter with regard to reconsideration of the aforesaid judgment would be considered while finally disposing of this group of petitions.*

*It has been submitted on behalf of the learned senior counsel appearing for all the petitioners/ respondents, who are managing medical colleges, that the defects which had been recorded at the time of the last inspection by the representatives of the Medical Council of India have been duly rectified and at present, the defects pointed out in the reports do not exist. The said fact can be ascertained only by having a fresh Compliance Verification/Inspection. However, the stand taken by the Central Government and the Medical Council of India is to the effect that no such inspection can be undertaken in the present academic session because of paucity of time and it would violate the time schedule laid down by this Court in the case of Priya Gupta (supra).*

*The learned senior counsel appearing for the Medical Council of India has also submitted that the petitioners do not have any legal right for getting renewal of the recognition, especially in view of the fact that the Verification/Inspection Reports are not available for the period in question. The learned senior counsel has relied upon some of the Judgments to substantiate his case and according to him, it would not be just and proper to permit the said medical colleges to take fresh batch of students.*

*Looking at the peculiar facts of the case and the circumstances stated hereinabove, we direct the petitioners to file undertakings by President/Chairman and Secretary of the petitioners' institutions running medical colleges within 10 days from today, to the effect that there is no defect in the medical colleges run by them and they would also state that their deposit with the MCI, which is around Rs.10 Crores, be forfeited by way of penalty if the statement made in the undertaking is found to be incorrect at the time of the next inspection. A draft undertaking has been given to this Court. A copy of the undertaking, which might be filed by the institutions, shall be served upon the office of the Medical Council of India as well as to the Ministry of Health and Family Welfare, Govt. of India, New Delhi.*

*We also record the fact that in the recent past, the Medical Council of India has renewed recognition of Government Medical Colleges on the basis of undertakings and therefore, we see no reason not to permit the private colleges to admit students on the basis of undertakings given by their office bearer as a special case.*

Notwithstanding any direction given in the case of Priya Gupta (supra), if undertakings as stated hereinabove are filed by the institutions managing medical colleges for the academic year 2014-15, admissions shall be given to the students from the merit list prepared by the States and they shall be charged fees prescribed by the Government Medical Colleges of their respective States. The State Authorities, i.e., the Directorate of Medical Education & Research, of the respective States shall send students, in order of their merit, to the medical colleges run by the petitioners, which are situated within their States, within one week from the date of receipt of a copy of this order and the said students shall be admitted to the MBBS Course in accordance with the rules and regulations of the MCI and also regulations dated 16.04.2010 framed by the Medical Council of India, provided undertakings as mentioned above are filed on behalf of the concerned institutions.

It is also clarified that there would be no further counseling in respect of the students who are to be given admission, even if it might result into some heartburning among other students, but in the peculiar facts of the case, we give this direction.

In no case, the admission shall be given after 30<sup>th</sup> September, 2014. This order shall also apply to all the institutions which had filed their petitions earlier for renewal of their recognition for the academic year 2014-15, but their petitions were rejected or withdrawn for whatever reason, provided undertakings as stated hereinabove are filed by President/Chairman and the Secretary of those institutions. All those petitions shall be deemed to have been revived and this order shall be deemed to have been passed in those cases also. This order shall only be in respect of renewal of recognition and not for creation of additional seats or for new colleges.

We also record that the Union of India has supported the petitioners in the interest of students. We also direct the Union of India to give wide publicity to this order in print as well as electronic media in the interest of the concerned students.

It is directed that the list of students getting admission in pursuance of this order shall be placed on record of this Court by 1st October, 2014 by the concerned institutions and a copy thereof shall also be sent to the MCI.

These matters shall be treated as part-heard and shall be notified for further hearing in the month of December, 2014."

The Hon'ble Supreme Court thereafter vide its order dated 25.09.2014 issued certain clarification in respect to the order dated 18.09.2014 in W.P. (C) No. 469/2014, which are reproduced hereunder:-

"After hearing the learned counsel for the parties we deem it appropriate to issue following clarifications with regard to our earlier order dated 18th September, 2014. These clarifications shall be read into the said order as if they were always part thereof:-

1. The order dated 18th September, 2014 shall also apply to cases where colleges or institutions were seeking increase in intake capacity and in the current year have been denied permission to admit students after first or second or third or fourth renewal/inspection. In our view such institutions where Renewal/Inspection with respect to increase in capacity were conducted in the present academic year are also entitled to the benefit under the order dated 18<sup>th</sup> September, 2014.
2. We also clarify that fees chargeable from the students admitted pursuant to our order dated 18<sup>th</sup> September, 2014 shall be at the same rates as applicable to the students in Government medical colleges in respective States and such fees shall be at the same levels as that of the Government medical colleges till the students so admitted pass out from the private medical colleges or institutions.
3. Our order shall also apply to all similarly situated institutions irrespective of the fact whether any petitions were or are pending in this Court or in any of the High Courts or even if they had not approached any court at all. This order shall also apply even in cases where there were orders of stay in favour of the Medical Council of India restraining the colleges from admitting students for the current academic session.
4. The order shall not apply to colleges or institutions which have been disqualified by the Medical Council of India and/or the Central Government and have been prohibited from making any admissions for the current academic year 2014-15.
5. In cases where two separate lists are prepared and sent by the State agencies one relating to State quota and the other relating to management quota in private institutions, we clarify that for the current academic year there shall be only one list and that shall be the "State quota" alone. There shall not be any management quota list to be sent to the private colleges or institutions taking the benefit under our order dated 18th September, 2014. The Management quota shall also be filled through the State list and the fees chargeable for the management quota shall also be charged at the same levels and rates as applicable to State quota list.
6. We further clarify that private institutions taking benefit under our order dated 18th September, 2014 shall have to take students only from the State agencies and at fees chargeable for students in Government medical colleges as stated above, regardless of their status or claim as Minority Institutions or Deemed Universities."

The Executive Committee of the Council further decided to invoke/forfeit the Bank Guarantees submitted by the Institute and directed the Institute to submit fresh bank guarantees within 2 weeks.

**72. Al-Ameen Medical College & Hospital, Bijapur – Renewal of Permission for admission of 3<sup>rd</sup> Batch of MBBS students against the increased intake i.e. from 100-150 for the academic session 2015-16.**

The Executive Committee of the Council further noted that the Institute has admitted students for 2014-2015 pursuant to order of Hon'ble Supreme Court after filing undertaking dated 26.09.2014 in the name of Mr. Ziaulla Shariff and Dr. B.S. Patil which states as under:

1. "I state that I am giving this undertaking in view of the order dt. 18.9.2014, passed by the Hon'ble Supreme Court in WP © No. 469/2014 and other connected matters.
2. I say that Al-Ameen Medical College & Hospital, Bijapur (Medical College for short) is owned, run and managed by Al-Ameen Charitable Fund Trust, Bangalore. The Medical College is seeking permission for its 1<sup>st</sup> renewal (2<sup>nd</sup> batch) of its increased intake capacity from 100 to 150 seats, i.e. an increase of 50 seats. The Medical College has rectified all the deficiencies vide compliance report dt. 18.7.2014 pointed out by the Medical Council of India vide letter dt. 15.6.2014 bearing No. MCI-34(41)(UG)/2014-Med./Kar/14866.
3. I say that in the event the Medical College, for any reason whatsoever, does not comply with this Undertaking, the Hon'ble Supreme Court, if it so chooses, direct that the Bank Guarantee/Security furnished by this Medical College to the MCI be forfeited.
4. I say that the admissions to the academic year 2014-15 with respect to the seats to be filled will be in accordance with the norms of the MCI and the candidates will be admitted from the merit list prepared and sent by the Directorate of Medical Education, Govt. of Karnataka and the fees to be charged from the students admitted through this process will be in accordance with the fees prescribed by the State Govt."

In view of the deficiencies listed above, it is amply evident that the institute has failed to rectify previous deficiencies which are still persisting.

The Executive Committee of the Council also perused the order of Hon'ble Apex Court dt. 18/09/2014 & 25/09/2014, the operative part of which reads as under:

**74. Mediciti Institute of Medical Sciences, Ghanpur – Renewal of Permission for admission of 4<sup>th</sup> Batch of MBBS students against the increased intake i.e. from 100-150 for the academic session 2015-16.**

The Executive Committee of the Council further noted that the Institute has admitted students for 2014-2015 pursuant to order of Hon'ble Supreme Court after filing undertaking dated 26.09.2014 in the name of Dr. V. Malakonda Reddy which states as under:

1. "I say that there is no defect in medical college run by the petitioner institution.
2. I say that if the above statement is found to be incorrect at the time of next inspection, the deposit of the institution with MCI shall stand forfeited."

In view of the deficiencies listed above, it is amply evident that the institute has failed to rectify previous deficiencies which are still persisting.

The Executive Committee of the Council also perused the order of Hon'ble Apex Court dt. 18/09/2014 & 25/09/2014, the operative part of which reads as under:

The Hon'ble Supreme Court thereafter vide its order dated 25.09.2014 issued certain clarification in respect to the order dated 18.09.2014 in W.P. (C) No. 469/2014, which are reproduced hereunder:-

"After hearing the learned counsel for the parties we deem it appropriate to issue following clarifications with regard to our earlier order dated 18th September, 2014. These clarifications shall be read into the said order as if they were always part thereof:-

1. The order dated 18th September, 2014 shall also apply to cases where colleges or institutions were seeking increase in intake capacity and in the current year have been denied permission to admit students after first or second or third or fourth renewal/inspection. In our view such institutions where Renewal/Inspection with respect to increase in capacity were conducted in the present academic year are also entitled to the benefit under the order dated 18<sup>th</sup> September, 2014.

2. We also clarify that fees chargeable from the students admitted pursuant to our order dated 18<sup>th</sup> September, 2014 shall be at the same rates as applicable to the students in Government medical colleges in respective States and such fees shall be at the same levels as that of the Government medical colleges till the students so admitted pass out from the private medical colleges or institutions.

This order shall also apply even in cases where there were orders of stay in favour of the Medical Council of India restraining the colleges from admitting students for the current academic session.

4. The order shall not apply to colleges or institutions which have been disqualified by the Medical Council of India and/or the Central Government and have been prohibited from making any admissions for the current academic year 2014-15.

5. In cases where two separate lists are prepared and sent by the State agencies one relating to State quota and the other relating to management quota in private institutions, we clarify that for the current academic year there shall be only one list and that shall be the "State quota" alone. There shall not be any management quota list to be sent to the private colleges or institutions taking the benefit under our order dated 18th September, 2014. The Management quota shall also be filled through the State list and the fees chargeable for the management quota shall also be charged at the same levels and rates as applicable to State quota list.

6. We further clarify that private institutions taking benefit under our order dated 18th September, 2014 shall have to take students only from the State agencies and at fees chargeable for students in Government medical colleges as stated above, regardless of their status or claim as Minority Institutions or Deemed Universities."

The Executive Committee of the Council further decided to invoke/forfeit the Bank Guarantees submitted by the Institute and directed the Institute to submit fresh bank guarantees within 2 weeks.

2. **Minutes of the last meeting of the Executive Committee – Action taken thereon.**

The Executive Committee of the Council noted the action taken on the minutes of the Executive Committee meeting held on 31<sup>st</sup> Jan, 2015.

3. **Pending Items arising out of the decisions taken by the Executive Committee.**

The Executive Committee of the Council noted the pending items arising out of the decisions taken by the Executive Committee.

4. **Swami Ramanand Teerth Rural Govt. Medical College, Ambejogai – Renewal of Permission for admission of 3<sup>rd</sup> Batch of MBBS students against the increased intake i.e. from 50-100 for the academic session 2015-16.**

Read: the matter with regard to Swami Ramanand Teerth Rural Govt. Medical College, Ambejogai – Renewal of Permission for admission of 3<sup>rd</sup> Batch of MBBS students against the increased intake i.e. from 50-100 for the academic session 2015-16.

**70. The Expert Group nominated by the Academic Committee to suggest ways and means for the augmentation of trained health manpower in the domain of Psychiatry (Mental Health) met on 10<sup>th</sup> June, 2014 in the office of the Medical Council of India, New Delhi.**

Read: the matter with regard to the Expert Group nominated by the Academic Committee to suggest ways and means for the augmentation of trained health manpower in the domain of Psychiatry (Mental Health) met on 10<sup>th</sup> June, 2014 in the office of the Medical Council of India, New Delhi.

The Executive Committee of the Council deliberated the matter at length and decided that the following recommendations are not approved due to reasons mentioned hereunder:

4. ***"The Postgraduate diplomas invoked in various medical colleges may be converted to Postgraduate degree so that the postgraduate teacher against whom the diploma is invoked is available for the purposes of postgraduate degree in the concerned medical college."***

**Reasons:** 1. A PG Diploma holder in Psychiatry is also a Consultant Psychiatrist and can practice as a Psychiatrist. Hence automatically converting Diploma seats into Degree seats would not lead to any increase in manpower as such.

2. PG Diploma seats have been notified in the Gazette of India and the prescribed procedure under the regulations for converting them into Degree seats should be followed.

13. ***“Starting MD (Psychiatry) may be permitted in medical colleges without recognition for their MBBS degree on par with the scheme for starting PG courses in pre- and para -clinical disciplines (at the time of 4<sup>th</sup> renewal) subject to fulfillment of the prescribed requirements.”***

Reason: Psychiatry is a clinical discipline and PG can only be started after PrePG assessment to ascertain facilities as required for UG intake are adequately available. Hence this recommendation is against the provisions of existing Regulations.

In view of above, the Executive Committee of the Council decided to refer the matter back to the Academic Committee.

71. **Assessment of the physical and other teaching facilities available for Establishment of new medical college at Israna, Panipat, Haryana by Shanti Devi Charitable Trust, Pitampura, New Delhi with an annual intake of 150 MBBS students under Pandit Bhagwat Dayal Sharma University of Health Sciences, Rohtak u/s 10A of the IMC Act, 1956 for the academic year 2015-2016.**

Read: the matter with regard to establishment of a new medical college at Falkawan, District, Aizawl, Mizoram, by Government of Mizoram u/s 10A of the IMC Act, 1956 for the academic year 2015-2016.

The Executive Committee of the Council noted that an application dated 26.08.2014 submitted by the Under Secretary, to Govt. of Mizoram, Health & Family Welfare for establishment of New Medical College at Falkawn, District Aizawl, Mizoram by Government of Mizoram u/s 10A of the IMC Act, 1956 for the academic year 2015-16 was received through the Central Govt., Ministry of Health & Family Welfare, New Delhi vide letter dated 23.09.2014 and while scrutiny of the application, it was noted that the application is deficient in terms of the following:-

*"Consent of Affiliation is not enclosed with the proposal."*

The Committee further noted the Council vide its letter dated 10.11.2014 returned the application of the applicant to the Central Govt. recommending disapproval of scheme for establishment of new medical college at Falkawn, Aizawl, Mizoram by Govt. of Mizoram u/s 10A of the IMC Act, 1956 for the academic year 2015-2016.

The Council office received a letter dated 24.11.2014 from the Central Govt. addressed to the Under Secretary, Health & Family Welfare, Govt. of Mizoram, Aizwal, Mizoram and copy to this Council enclosing therewith a copy of Council's letter dated 10.11.2014 inter-alia recommending that *the application/proposal is disapproved for want of consent of affiliation with the proposal*. The Central Govt. in the above letter also requested the Council to return the original proposal to the Govt. of Mizoram directly as the same was not received alongwith MCI letter quoted above. Accordingly, the Council vide its letter dated 18.12.2014 also returned the original application to the applicant.

The Executive Committee of the Council further noted the letter dated 07/01/2015 of the Principal Secretary to the Govt. of Mizoram, Health & Family Welfare Department stating therein as under:-

*"With reference to the above subject, please find enclosed, urgent letter from Mizoram University granting affiliation to the proposed Mizoram Institute of Medical Education and Research(MIMER).*

*The delay is regretted and was due to non-receipt of the consent letter in proper format from the University of Mizoram.*

*In this regard, I would request you to be considerate and grant approval, Medical Council of India to start MIMER at Falkawn, Aizawl District, as this will be the first Medical College in the State of Mizoram."*

The matter was considered by the competent authority in the Council Office and as per directions, the Council office vide its letter dated 28/01/2015 has informed the applicant as under:-

*"...the Consent of Affiliation dated 07/01/2015 issued by the Registrar, Mizoram University, Aizawl has been issued after the cut off date of submission of application to the Central Govt. i.e. 31/08/2014, therefore the same cannot be considered by the Council at this stage.*

*In view of above, the Council Office has decided to reiterate its earlier decision which has already been communicated to the Central Govt. vide this office letter No.MCI-34(41)(E-62)/2014-Med./140225, dated 10/11/2014. "*

The Council Office has received a letter dated 31/01/2015 from the Central Govt., Ministry of Health & Family Welfare, New Delhi stating therein that as per the proviso under Section10(A)(4) of IMC Act, 1956, a Committee has been constituted for granting opportunity of personal hearing the Ministry in case of disapproval/ non-renewal recommendation of the Council in case of UG courses for the year 2015-16. The Committee has given personal hearing to the authorised representatives of the medical colleges/applicants on 19<sup>th</sup>, 20<sup>th</sup> & 21<sup>st</sup> January, 2015. Based on the compliance submitted by the colleges concerned in support of their claim, the committee has recommended for review/assessment of the schemes by the MCI.

In view of above, the Central Govt. has forwarded the representations/compliance submitted by the Principal Secretary to the Govt. of Mizoram, Health & Family Welfare Department, Mizoram enclosing therewith a copy of Consent of Affiliation dated 07/01/2015 issued by Registrar, Mizoram University, which reads as under-

*"On the basis of the recommendation of the inspection team and as per recommendation of the Affiliation Committee, and resolution of the Academic Council, No.AC:27: 4(5)(4), dated 21<sup>st</sup> November, 2014, Mizoram University has agreed, in principle, to affiliate the proposed college, namely Mizoram Institute of Medical Education and Research (MIMER), to be established by Department of Health & Family Welfare, Govt. of Mizoram w.e.f. academic year 2015-16 onwards, subject to grant of permission by the Government of India, Ministry of Health and Family Welfare, New Delhi under section 10(A) of the India Medical Council Act, 1956(102 of 1956)."*

In view of above, the Executive Committee of the Council decided to reiterate its earlier decision which has already been communicated to the Central Government vide Council letter dated 10.11.2014 as the Consent of Affiliation dated 07/01/2015 issued by the Registrar, Mizoram University, Aizawl has been issued after the cut off date of submission of application to the Central Govt. i.e. 31/08/2014.
