The Postgraduate Committee considered the Council Assessor's report (09th January 2014) along with the assessment report (09/01/2014) of MS (General Surgery) and decided to recommend to the Central Govt. to disapprove the scheme for Increase of seats in MD(Anaesthesia) course at Dr. Vasantao Pawar Medical College Hospital & Research Centre, Nashik, Maharashtra under Maharashtra University of Health Sciences, Nashik u/s 10A of the IMC Act, 1956 because of the following reasons:-

1. Anaesthesia Machines & monitors require upgradation.
2. Postgraduate students are sent on deputation for training in Cardiothoracic Anaesthesia.
3. Only 5 OTs out of 12 are equipped with Anaesthesia work stations. Other OTs need to have anaesthesia machinery with better safety features.
4. All Anaesthesia Machines need to have mechanical ventilators.
5. Invasive pressure monitoring facility should be made available.
6. Research activities & publications need to improve.
7. Other deficiencies as pointed out in the assessment report.

107. Starting of MD(Emergency Medicine) course at Dr. Vasantao Pawar Medical College Hospital & Research Centre, Nashik, Maharashtra under Maharashtra University of Health Sciences, Nashik u/s 10A of the IMC Act, 1956.

The Postgraduate Committee considered the Council Assessor's report (09th January 2014) and decided to recommend to the Central Govt. to disapprove the scheme for Starting of MD(Emergency Medicine) course at Dr. Vasantao Pawar Medical College Hospital & Research Centre, Nashik, Maharashtra under Maharashtra University of Health Sciences, Nashik u/s 10A of the IMC Act, 1956 because of the following reasons:-

1. Average daily attendance is 35 - 40.
2. There are 47 beds in 2 Units. Unitwise distribution of staff & residents not shown. As there are 2 Units, there is shortage of 1 Senior Resident & 3 Junior Residents.
3. Other deficiencies as pointed out in the assessment report.

108. Increase of seats in MS(General Surgery) course at Dr. Vasantao Pawar Medical College Hospital & Research Centre, Nashik, Maharashtra under Maharashtra University of Health Sciences, Nashik u/s 10A of the IMC Act, 1956.

Read: the Council Inspector's report (09th January 2014) on the physical and other teaching facilities available at Dr. Vasantao Pawar Medical College Hospital & Research Centre, Nashik, Maharashtra under Maharashtra University of Health Sciences, Nashik for Increase of seats in MS(General Surgery) course u/s 10A of the IMC Act, 1956.

The Postgraduate Committee considered the Council Assessor's report (09th January 2014) and decided to recommend to the Central Govt. to disapprove the scheme for Increase of seats in MS(General Surgery) course at Dr. Vasantrao Pawar Medical College Hospital & Research Centre, Nashik, Maharashtra under Maharashtra University of Health Sciences, Nashik u/s 10A of the IMC Act, 1956 because of the following reasons:-

1. Most of the teachers appear to be part time. Details of salary do not tally with Form 16. TDS is not correctly reflected in Form 16 submitted. Most of teachers are practitioners which is not reflected in D.F.
2. OPD attendance on day of assessment was 75-100 and does not match with data submitted by Dean.
3. Minor operations are reported at 20-25 while on day of assessment, no case was operated.
4. Emergency admission shown in register is at variance with patients verified physically on day of assessment. There is no register in emergency operation theater and it seems it is unutilized.
5. On day of assessment, most of patients were not genuine. Bed occupancy was 60 %. Admission register showing admission of patients does not corroborate with physical verification of files and patients in wards on day of assessment. There are more patients entered in register for whom files were not available. Correct figures of admission are not reflected in register.
6. On verification, major operations during period from 01/01/2014 to 08/01/2014 varies between 2-4; however, they are claimed as 8-10. Similar figures for minor operations are 5-6 & 20-23 respectively. There are more entries in OT register which do not match with Anaesthesia register. It seems that OT numbers are inflated.
7. Dr. M.M. Vaidya, Asso. Prof. Unit VI was absent on day of assessment; resultantly Unit is headed by Asst. Prof. & teaching complement is incomplete.
8. Dr. P.N. Gadsing, Asst. Prof. in Unit I was absent on day of assessment; however teaching complement is complete in Unit I.
9. Dr. N.S. Madnoorkar, Asst. Prof. in Unit III was absent on day of assessment; Resultantly, Unit III has only 2 faculty; hence it cannot be considered as PG Unit.
10. Dr. S.R. Desai, Asst. Prof. in Unit V attended assessment late in evening; hence he cannot be accepted as faculty; however teaching complement is complete in Unit V.
11. Other deficiencies as pointed out in the assessment report.

Read: the matter with regard to consideration of applications for Starting of various PG courses at Mandya Institute of Medical Sciences, Mandya along with legal opinion of the Law Officer dated 01/02/2014.

The Postgraduate Committee considered the matter with regard to consideration of applications for Starting of various PG courses at Mandya Institute of Medical Sciences, Mandya along with legal opinion of the Law Officer dated 01/02/2014, which is reproduced below:

"The file of Mandya Institute of Medical Sciences, Mandya, in respect of its application for the starting of various postgraduate courses has been referred for my opinion. I have perused the representation dated 23.01.2014 of the Director of the Institute wherein he states an application with fees was made to the Council office on 19.09.2011 and thereafter the Institute had written to the Council requesting for inspection for 2012-13 and 2013-14. However, as there was no response from the Council it had submitted fees once again on 10.10.2013 and has annexed receipt issued by the Council dated 29.10.2013 with it. The Institute is also relying upon section 10 (A) (5) of the IMC Act, 1956 pertaining to deemed approval in respect of its claim.

2. *On perusal of file, it is noted that the applicant has submitted an application for starting of various PG courses to the Secretary, Medical Council of India on 27.05.2013. A letter dated 15.04.2013 by the Director of the Institute addressed to the Secretary, MCI is enclosed with it in which reference is made to the fees paid on 19.09.2011 with request to consider this as payment of fees for 2014-15 inspection. However, no application fees has been tendered with this application.*

3. *The application of the College was returned on 11.12.2013 with the remark that "Application fee is not submitted".*

4. *It is to be noted that in accordance with "The Opening of a New or Higher Course of Study or Training (including Postgraduate Course of Study or Training (including a Postgraduate Course of Study or Training) Regulations, 2000", the time for submission of application for PG Courses (broad specialty) is from 1 April to 31 May. Therefore, the applicant in accordance with the Regulations ought to have made application during such period, and not on 19.09.2011. However, the applicant has enclosed a document showing its receipt in the Council office on 19.09.2011 and on the file referred for my opinion there is no record as to how the matter was addressed.*

4. *From the above narration of facts, it appears to me that:*

Firstly, the College claims to have made an application for starting of various PG courses on 2011-12 on 19.09.2011. The College has produced acknowledgement from the Council in this regard. The Accounts Officer has stated on 22.01.2014 that no such payment that the College claims to have made in 2001 has been received in the MCI Bank Account and has advised that applicant check it with the Zonal or Regional Office of the Bank for refund.

Secondly, fees for processing the application for the academic year 2014-15 was submitted by the College on 10.10.2013 and that has been accepted by the Council.

Thirdly, rejection Order dated 11.12.2013 has been sent to the applicant on the ground that "application fees is not submitted."

In view of this factual matrix that is primarily an administrative issue, I am of the opinion that the case of the applicant calls for re-look by the PG Committee, as equity for consideration is created in favour of applicant on the following grounds:-

Firstly, it has in its application dated 27.05.2013 annexed its letter dated 15.04.2013 wherein Council was informed of application made on 19.09.2011 and payment made with request to consider it for inspection for 2014-15.

Second, the application is rejected on 11.12.2013 on account of non-payment of fees whereas the applicant has paid as it claims once again fees on 10.10.2013 and has in its

favour a receipt issued by the Council. To me it appears from perusal of records that such rejection is without considering that the fees has been submitted on 10.10.2013 and is with Council. Further, no clarification has been offered till date to the applicant regarding the fees that it claims to have paid on 19.09.2011 and has requested for adjustment. However, the applicant cannot claim reliance on section 10 (A) (5) of the IMC Act, 1956 relating to deemed approval, for starting the course as a communication regarding rejection has been made.

In view of the above, this matter may be considered in accordance with the decision of the PG Committee on item 215 (Extract annexed) in its meeting held on 20-21 January 2014, as there is a claim for adjustment of fees paid in past year and full fees has been paid although after cut-off date and the representation for consideration has been made by the applicant.
