The Postgraduate Medical Education Committee considered the Compliance Verification Assessment Report (11/07/2016) along with the Council Assessor's Report (May, 2015) and compliance dated 16/05/2016 submitted by the college authorities and decided to recommend not to recognize MD(Tuberculosis & Respiratory Diseases / Pulmonary Medicine) qualification for 01 seat granted by Rajiv Gandhi University of Health Sciences, Bangalore in respect of students being trained at S S Institute of Medical Sciences& Research Centre, Davangere because of the following facts:-

1. Dr. Antonio L. Dacosta, Professor & HOD has been promoted as Professor after cut-off date; however in the column of "Benefit of publications" in the faculty table, only 3 publications are cited against requirement of 4; hence his promotion is not as per Regulations & he cannot be considered.
2. Dr. Hemant B. Kulkarni is shown as "Asso. Prof." in the column of "Designation" in the faculty table; however in the column of "Experience" it is shown as "Professor" w.e.f. 01/01/2015 till date. This discrepancy needs to be clarified. Further he has been found to be not eligible for promotion to Professor on earlier assessments. In the compliance it was stated that he has been made Asso. Prof. However the contents of faculty table show that this reversion is only for namesake and not a reality. This amounts to misleading and cannot be permitted.
3. Dr. Maria J.W. Pinto has been promoted as Asso. Prof. after cut-off date; however in the column of "Benefit of publications" in the faculty table, it is stated "No" implying NIL publications against requirement of 2; hence her promotion is not as per Regulations & she cannot be considered.
