Read: the letter dated 29/09/2017 received from the Secretary to the Oversight Committee along with the Council Assessor's Report (04/07/2017) for Increase of seats in MD (General Medicine) course at Kalinga Institute of Medical Sciences, Bhubaneswar under KIIT University, Bhubaneswar U/s 10(A) of the IMC Act, 1956 for the academic year 2018-19.

The Postgraduate Committee considered the letter dated 29/09/2017 received from the Secretary to the Oversight Committee along with the Council Assessor's Report (04/07/2017) for Increase of seats in MD (General Medicine) course at Kalinga Institute of Medical Sciences, Bhubaneswar under KIIT University, Bhubaneswar U/s 10(A) of the IMC Act, 1956 for the academic year 2018-19.

The Postgraduate Committee relooked at the case (On the advice of Oversight Committee) and observed that there were valid reasons for over-ruling the remarks of Assessor which are as detailed below:-

Remarks of Assessor	
P.G. cum JRS have joined the institute on 01-6-17	P.G. Students are considered junior residents. Those PGs who were admitted in the year 2017 naturally joined on 01-06-17 since 31-05-17 was the last date of admission. (payment of fee etc.) In each unit one PG cum junior resident has joined earlier (year 2014, 2015, 2016) and one who was admitted in 2017 joined on 01-06-2017. This is according to regulations.
JRs & SRs have not put their examination findings in few case sheets till the morning round (up to 11:30 Am)	Although JRs & SRs are expected to see their cases & put their notes in case files before morning round, but MCI has not specified any time for this. As per assessor himself only in few case sheets such notes were not put in. This could not be taken as a deficiency strong enough to deny the increase in seats to the college.
Four SRs have joined recently on 01-07-17	Senior residents or even senior faculty members joining few days before assessment cannot be rejected on this ground. MCI regulations have not stipulated that the person must work in that institute for a specified period before he/she can be considered as a faculty/SR in that college.

Observation of Oversight Committee at Sr. No.3 & 4 are well taken. Although, MCI has been stressing time and again on the assessors to be more careful while recording their remarks holding of assessor's/ Coordinator Workshops (Orientation programmes), however, it will be once again impressed upon them to be more careful as advised by Oversight Committee.

181. Recognition of the courses being offered by College of Physicians and Surgeon, Mumbai – reg.

Read: the letter dated 12/06/2017 received from the Under Secretary to the Government of India, Ministry of Health & Family Welfare, New Delhi forwarding therewith the minutes of the discussion of the meeting held on 12/04/2017 under the Chairmanship of the Secretary (HFW) with regard to recognition of the courses of College of Physicians and Surgeons, Mumbai along with the opinion dated 04/10/2017 received from Council Advocate.

The Postgraduate Committee had considered the matter on receipt of communication dated 12-06-17 on above matter from the Ministry of Health & Family Welfare and the Postgraduate Committee had sought the legal opinion from council advocate which has been received now. The Postgraduate Medical Education Committee discussed in detail the opinion receives from the council advocate dated 27-09-17 (received on 04-10-17) which has discussed the entire sequence of events in this matter and the relevant provisions of IMC act 1956. The operative part of the legal opinion is reproduced below:

“Once the decision is taken to withdraw the recognition to the medical qualification of any medical college, it is barred from making any further admissions. In any eventuality. If the said institution is intending to again start the medicine course, then as per the procedure prescribed in the IMC act, 1956 and the regulations made there under, the applicant college has to make a fresh application under section 10A of the IMC act, 1956 and same is to be processed in accordance with law. There is no provision in the IMC act, 1956 and the regulations made there under, which allows the Querist or the Central Government to directly allow a medical college to start a medicine course which has been closed due to withdrawal of recognition, without following the statutory procedure as prescribed under the IMC act, 1956.

In view of the above factual matrix, I am of the view that no permission/ recognition can be granted to applicant institution for conducting any post graduate course, without following the procedure prescribed under the IMC act, 1956 and the regulations framed there under”.

After detailed deliberations the P.G. Committee resolved to approve the legal opinion received from council advocate.

The Postgraduate Committee perused the minutes of meeting dated 27-9-17 which took place in the office of Director AIIMS New Delhi between office bearers/ officials of MCI and Supreme Court mandated oversight committee.
