The Chairman welcomed the members of the Postgraduate Medical Education Committee.

Leave of absence was received from Dr. Bhanu Prakash Dubey, Dr. Dattesar Hota, Dr. Deelip Govindrao Mhaisekar, Dr. Dhruva Jyoti Borah, Dr. K S Sharma, Member(s), Postgraduate Medical Education Committee.

The Postgraduate Committee considered letter no. 4/2011/25/2016-ME-I (PT. 2) dated 11th May, 2017 received from Sh. Amit Biswas, Under Secretary to the Govt. of India, Ministry of Health and Family Welfare addressed to the Secretary, Medical Council of India, which is reproduced below:

"I am directed to say that oversight committee vide its email letter dated 27.04.2017 has sought status of implementation of their decision to adopt the same practice for increase of seats in PG (Super specialty) courses that was followed in case of one-time increase of seats in PG (Broad specialty) courses in all government funded medical colleges in the academic year 2017-18. A copy of their mail letter is enclosed.

MCI is requested to send recommendations for one-time increase of seats in PG (Super specialty) courses under revised teacher student ratio for the year 2017-18 after obtaining information from colleges/state governments."

As desired by Central Govt. & oversight committee in the letter reproduced above the Postgraduate Committee decided to seek information from Government Medical Colleges which are already running superspecialty courses about the faculty (Professor, Assoc. Prof., Asstt. Prof., Sr. Resident, clinical material & infrastructure

available in their colleges (in clinical departments only) for consideration of grant of additional PG seats to them in superspeciality departments as desired by central govt. The information sought should be received within 5 days (on account of time schedule limitation) and delivered by hand in MCI office by 23rd May 2017 during working hours. No requests received after 23rd May 2017 5 pm will be entertained. The information should be provided in the prescribed Proforma (to be sent along) giving all details about the number of units, beds, equipment, faculty available and superspeciality seats already running.

The information must be accompanied by the declaration forms (duly filled and signed by concerned faculty & dean) giving all experience details of working in superspeciality department (in different ranks), their appointment/promotion orders and joining reports, reprints of their research publications (in which they are 1st or 2nd author only) published in indexed journals of their superspeciality, and a list of available specialized equipment in the department. It should also be certified that these faculty members have not appeared in any MCI inspection for any Broad specialty.

However, the postgraduate medical education committee decided that no seats will be given to those colleges:

1. Whom MCI has already denied superspeciality seats in that subject during academic year 2017-18.
2. Promotion of Professor/Associate professor is not as per MCI regulations fulfilling the required superspeciality qualification, time period in each rank and necessary research publications (if promoted after cut off date)
3. The department is not fulfilling the prescribed criteria of required number of units/beds/ infrastructure/equipment as per regulations.

The above decision of PG committee has already been approved by the central govt. and oversight committee in the case of PG Broad specialties (the present decision to grant extra seats in superspecialities being an offshoot of broad specialties decision only).

The above decision was read and confirmed in this meeting itself

Patil University, Navi Mumbai in respect of students being trained at Padamshree Dr. D.Y.Patil Medical College, Navi Mumbai because of the following facts:-

1. In the compliance it is stated that Dr. Alka Dani is reverted to the post of Asst. Prof. because of inadequate publications; however in the faculty table, in the column of "Designation" it is shown as "Asso. Prof." and in the column of "Experience" it is shown as "Asso. Prof." w.e.f. 13/08/2015 till date. This indicates that her so called demotion is only a sham and an attempt to mislead the Council.
2. Dr. Priyanka Suhag, Senior Resident in Unit I, does not have 3 y experience as Resident in a teaching hospital before appointment as Senior Resident; hence not qualified to hold the post. She is DNB from non-teaching hospital. There is no other Senior Resident in Unit-I.

Resultantly, there is deficiency of faculty: (a) Asst. Prof.: 3. Contention of the Institute that it is exempted by Ministry is of no relevance as these requirements are as per Statutory Regulations which being mandatory in character are binding on all. In fact, perusal of the Exemption reveals that the exemption is u/s 8(1)(A) for conducting recognized MBBS course only and it clearly states that the "... Institute will submit formal proposals in accordance with IMC Act, 1956 and Regulations made thereunder for starting PG courses...." Further, reliance on MOU with LTMC, Sion also is of no relevance as such MOU can only be for facilities in basic sciences and not for broad specialities for which PG courses are conducted. Deficiency remains as it is.

As per provisions of the Postgraduate Medical Education Regulations, 2000, failure to seek timely recognition as required shall invariably result in stoppage of admission to the concerned Post Graduate Course. This is also clarified in the letter of permission granted u/s 10A of the IMC Act, 1956 issued for these seats, which reads as under:

"This permission for starting/ increase of seats in the above course and admission of students will be till such time the first batch of students admitted against the above course appears for the first final examination in the subject."

In case, the college authorities desire to submit compliance, same should be received in this office preferably within four weeks of issue of this letter but definitely, prior to next admission so that the matter of recognition can be finally decided. If no compliance is received within this period or compliance/ compliance verification is found unsatisfactory, it will result in stoppage of admission to the postgraduate course against the above mentioned seats.

The Postgraduate Medical Education Committee considered the Compliance Verification Assessment Report (16/03/2017) along with the Council Assessor's Report (June, 2016) and compliance dated 28/10/2016 submitted by the college authorities and decided to recommend not to renew the recognition of MD(Paediatrics) qualification for 9 seats granted by King George's Medical University, U.P. Lucknow (Deemed University) in respect of students being trained at King George's Medical University, U.P. Lucknow because of the following facts:-

1. Dr. Chandrakanta, Professor, was not available on the day of assessment. No certificate about permissible leave attached. Her promotion is not as per regulations. She was promoted in March, 2015 after the cut off date without any publications. Resultantly, there is no other Assoc.Prof. in Unit-I.
2. Promotion of Dr. Shakal Narayan Singh, Professor, is not as per regulations.. He was Asst.Prof. for 4 years against the requirement of 5 years. He has no publications to his credit, hence his promotion is not as per regulations.
3. There are total 21 PG seats – 9 Degree & 12 Diploma; however only 6 PG teachers are available who can take maximum 12 students/year. Maximum permissible seat 12 and the college already admitting 21 students.
4. Equipment like Paediatric Endoscope, Paediatric Dialysis machine are not available. Deficiency remains as it is.
5. Other deficiencies as pointed out in the Assessment Report.

Admissions done (if any) against these seats i.e. 9(Nine) seats till renewal of their recognition will be irregular/ illegal and not in accordance with MCI regulations (notified with prior permission of Central Government vide notification dated 21/07/2009) and will not be recognized. As per provisions of the Postgraduate Medical Education Regulations, 2000, failure to seek timely renewal of recognition as required shall invariably result in stoppage of admissions to the concerned Post Graduate Course. If no compliance is received within this period or compliance/ compliance verification is found unsatisfactory, it will result in stoppage of admission to the postgraduate course against the above mentioned seats.
