"..As per MCI letter no MCI/PG 'Assessment/MCI(PG)84(22)/2017-Med., dated 13.10.2017 in order to do the compliance verification assessment of physical & other teaching facilities of Adesh Institute of Medical sciences & Research, Bathinda (Punjab) for starting MS(Orthopaedics) course, I reached the Principal office at 9 am today. However, it was told to me by the college personnel that the Principal of the Institute was already on her way to New Delhi for the hearing regarding the Assessment of their Institute, at the Ministry of Health & Family Welfare, Govt. of India. Till then assessors for the subjects of Anaesthesia, Gynaecology & Radiology also reached Principal office. We instructed the college staff to call the respective Heads of Departments. After HoD Orthopaedics arrived, I expressed my wish to start the assessment immediately. However, all the four assessors were told categorically that the institution is not at all prepared for this assessment & their administration has a strong objection for this assessment to take place. In this matter, they expressed readiness to given in writing about their stand. So we (all of the 4 assessors) decided to inform MCI office about this. Accordingly Assessor for Gynaecology has discussed the situation with you on her mobile phone. As per your instructions, we have obtained the letters from the college, objecting our assessment & also copy of letter of Department of Health & Family Welfare, Government of India to the Principal of the Institute No.U.1201233/2017-ME-I(Pt.1) & then left premises of Adesh Institute."

The Committee also noted the opinion of Law Officer in this regard as under:

"The applications ought to be recommended to the Central Govt. for disapproval, as assessment are required to be surprise assessment and the college ought to be ready for such assessments. Failure on the part of the college to get the assessment conducted is in itself a ground for recommending disapproval."

The Committee further observed that the date of personal hearing given to the college authorities by the Central Government was on 25.10.2017 as mentioned by the college in its own letter dt. 23.10.2017 as well was Central Govt. letter dt.

18.10.2017 as attached with the college letter while the assessment was to be carried out on 23.10.2017 i.e. two days before of the hearing. Hence, the contention of the college that the Principal of the institute was on the way to Delhi for personal hearing is not acceptable.

Read: the Compliance Verification Assessment Report (21/09/2017) along with the Council Assessor's Report (June, 2016 & 28.04.2017) and compliance dated 08/08/2017 submitted by the college authorities and recommendations of the Oversight Committee on the standard of examination and other teaching facilities for Recognition of MS(Orthopaedics) qualification for 02 seats at Guru Govind Singh Medical College, Faridkot granted by Baba Farid University of Health Sciences, Faridkot.

1. Assessment day was a Gazetted Holiday in the State of Punjab and the institute head already communicated this to MCI in the beginning of the year. A copy of the letter be attached with it. In the light of the above non-availability of all faculty in the college is natural. The stipend is to be paid to the PGs as per the Govt. of Punjab rule. However, sometime it gets delayed because of the official Red Tapism in Govt. offices.

This is a Govt. College and matter of recognition of seats already granted and not sanction of new seats. The deficiencies are minor for which recognition of seats should not be withheld. Moreover, it was a fault of MCI to get the assessment done on a holiday.

In view of above, the Committee decided to reiterate earlier decision taken at its meeting held on 27.10.2017 recommending recognition of MS(Orthopaedics) qualification for 02 seats at Guru Govind Singh Medical College, Faridkot granted by Baba Farid University of Health Sciences, Faridkot.
