These dates have now been changed in the compliance to July, 1994 to March, 1997 and April, 2001 to June, 2003. Such retrospective changes in dates/ designations are not allowed. The Postgraduate Medical Education Committee considered the Council Assessor's Report (September, 2016) and compliance dated 26/12/2016 submitted by the college authorities and decided to recommend not to recognize DM (Cardiology) qualification for 1 seat granted by Chettinad Academy of Research and Education (Deemed University) in respect of students being trained at Chettinad Hospital & Research Institute, Kanchipuram because of the following facts:-

1. Deficiency of Dr. C. Arunmugam stays as such. He has attached 3 publications against the requirement of 4. He was promoted on 09.07.2016 after the cut-off date without the required 4 publications, which is not as per regulations.
2. Experience dates of Dr. Perdeep G Nayar, has been changed. He was shown Assoc.Prof. from 14.12.2009 to 13.12.2011 in report dated 12.09.2016. it has now been changed from 14.12.2007 to 13.12.2011, which is not permissible. This amounts to supplying misleading information.
3. Deficiency of Sr. Resident stays as such.
4. Other deficiencies as pointed out in the Assessment Report

Admissions done (if any) against these seats i.e. 1(One) seat after the first batch appeared in Examination till their recognition will be irregular/ illegal and not in accordance with MCI regulations (notified with prior permission of Central Government vide notification dated 21/07/2009) and will not be recognized. As per provisions of the

Postgraduate Medical Education Regulations, 2000, failure to seek timely recognition as required shall invariably result in stoppage of admission to the concerned Post Graduate Course. This is also clarified in the letter of permission granted u/s 10A of the IMC Act, 1956 issued for these seats, which reads as under:

“This permission for starting/ increase of seats in the above course and admission of students will be till such time the first batch of students admitted against the above course appears for the first final examination in the subject.”

In case, the college authorities desire to submit compliance, same should be received in this office preferably within four weeks of issue of this letter but definitely, prior to next admission so that the matter of recognition can be finally decided. If no compliance is received within this period or compliance/ compliance verification is found unsatisfactory, it will result in stoppage of admission to the postgraduate course against the above mentioned seats.

The Postgraduate Medical Education Committee, in view of the observation regarding Dr .Perdeep G Nayar presumed that such act/ omission on the part of college authorities amounts to playing fraud upon the Council Authorities. Therefore, it has been decided to invoke regulation 8(3)(1)(d) of the Establishment of Medical College Regulations, 1999 that provides as under: -

“...
8(3)(1)

(d) Colleges which are found to have employed teachers with faked / forged document:

If it is observed that any institute is found to have employed a teacher with faked / forged documents and have submitted the Declaration Form of such a teacher, such an institute will not be considered for renewal of permission / recognition for award of M.B.B.S. degree / processing the applications for postgraduate courses for two Academic Years – i.e. that Academic Year and the next Academic Year also.”

Accordingly, the Postgraduate Medical Education Committee decided that a Show Cause Notice be issued to the College and an explanation be sought within 07 days as to why regulation 8(3)(1)(d) of the Establishment of Medical College Regulations, 1999 should not be invoked against their institution and why their college should not be debarred for renewal of permission / recognition for award of M.B.B.S. degree / processing the applications for postgraduate courses for two Academic Years – i.e. that Academic Year and the next Academic Year also.

Note: The Postgraduate Committee decided to seek explanation from Dean and faculty concerned for deficiency at Sr. No.2.

The Postgraduate Medical Education Committee considered the Compliance Verification Assessment Report (17/02/2017) along with the Council Assessor's Report (May, 2016) and compliance dated 13/10/2016 submitted by the college authorities and decided to recommend not to recognize MD(Paediatics) qualification for 2 seats granted by Chettinad Academy of Research and Education (Deemed University) in

respect of students being trained at Chettinad Hospital & Research Institute, Kanchipuram because of the following facts:-

1. As per faculty table signed by Dean and Assessor in report dated 02.05.2016, Dr. J. Antony Jenifer was Asst.Prof. from 23.09.2011 to 31.07.2014 (2 year 10 month), which has now been changed to 07.12.2009 to 31.07.2014. Such retrospective changes to make the faculty eligible are not allowed and amount to supplying misleading information.
2. There were only 2 deaths in 2015 and only one death in 2016 which simply indicate that no really sick children are admitted. Either patient with minor ailments not deserving admission are admitted or data of IPD is non-genuine.
3. Other deficiencies as pointed out in the Assessment Report.

Admissions done (if any) against these seats i.e. 2(Two) seats after the first batch appeared in Examination till their recognition will be irregular/ illegal and not in accordance with MCI regulations (notified with prior permission of Central Government vide notification dated 21/07/2009) and will not be recognized. "This permission for starting/ increase of seats in the above course and admission of students will be till such time the first batch of students admitted against the above course appears for the first final examination in the subject."

If no compliance is received within this period or compliance/ compliance verification is found unsatisfactory, it will result in stoppage of admission to the postgraduate course against the above mentioned seats.

The Postgraduate Medical Education Committee, in view of the observation regarding Dr .J .Antony Jenifer, Asst.Prof .presumed that such act/ omission on the part of college authorities amounts to playing fraud upon the Council Authorities. Therefore, it has been decided to invoke regulation 8(3)(1)(d) of the Establishment of Medical College Regulations, 1999 that provides as under: -

“...
8(3)(1)

(d) Colleges which are found to have employed teachers with faked / forged document:

If it is observed that any institute is found to have employed a teacher with faked / forged documents and have submitted the Declaration Form of such a teacher, such an institute will not be considered for renewal of permission / recognition for award of M.B.B.S. degree / processing the applications for postgraduate courses for two Academic Years – i.e. that Academic Year and the next Academic Year also.”

Accordingly, the Postgraduate Medical Education Committee decided that a Show Cause Notice be issued to the College and an explanation be sought within 07 days as to why regulation 8(3)(1)(d) of the Establishment of Medical College Regulations, 1999 should not be invoked against their institution and why their college should not be debarred for renewal of permission / recognition for award of M.B.B.S. degree / processing the applications for postgraduate courses for two Academic Years – i.e. that Academic Year and the next Academic Year also.

Note: The Postgraduate Committee decided to seek clarification from Dean and faculty concerned about deficiency at Sr. No.1.

When first batch appeared in exam. The MCI received their request for the first time in on 03.06.2016 and assessment was done on 23.07.2016. 75. Sharda University, Greater Noida - Recognition of MD (Social & Preventive Medicine / Community Medicine) qualification for 1 seat in respect of students being trained at School of Medical Sciences & Research, Greater Noida.

Read: the Compliance Verification Assessment Report (20/02/2017) along with the Council Assessor's Report (June, 2016) and compliance dated 26/10/2016 submitted by the college authorities on the standard of examination and other teaching facilities for Recognition of MD (Social & Preventive Medicine / Community Medicine) qualification for 1 seat at School of Medical Sciences & Research, Greater Noida granted by Sharda University, Greater Noida.

The Postgraduate Medical Education Committee considered the Compliance Verification Assessment Report (20/02/2017) along with the Council Assessor's Report (June, 2016) and compliance dated 26/10/2016 submitted by the college authorities and decided to recommend not to recognize MD (Social & Preventive Medicine / Community Medicine) qualification for 1 seat granted by Sharda University, Greater Noida in respect of students being trained at School of Medical Sciences & Research, Greater Noida because of the following facts:-

1. As per the faculty table in report dated 14.06.2016, signed by the Dean and Assessor Dr. Manish Tiwari served as follow:
 - (i) ASRAM Medical College from June 2006 to July 2007 and
 - (ii) SIMS Meerut from August 2006 to October, 2008.Thus, he has been shown to have worked at 2 places during same period. At Hapur he was shown to have worked as Assoc.Prof. from October 2008 to October, 2010, which has now been changed to Asst.Prof. Such retrospective changes to make the faculty eligible are not allowed.
2. Total journal club during the last 12 months only 10, which is very inadequate.
3. Other deficiencies as pointed out in the Assessment Report.

Admissions done (if any) against these seats i.e. 1(One) seat after the first batch appeared in Examination till their recognition will be irregular/ illegal and not in accordance with MCI regulations (notified with prior permission of Central Government vide notification dated 21/07/2009) and will not be recognized. As per provisions of the Postgraduate Medical Education Regulations, 2000, failure to seek timely recognition as required shall invariably result in stoppage of admission to the concerned Post

Graduate Course. This is also clarified in the letter of permission granted u/s 10A of the IMC Act, 1956 issued for these seats, which reads as under:

“This permission for starting/ increase of seats in the above course and admission of students will be till such time the first batch of students admitted against the above course appears for the first final examination in the subject.”

In case, the college authorities desire to submit compliance, same should be received in this office preferably within four weeks of issue of this letter but definitely, prior to next admission so that the matter of recognition can be finally decided. If no compliance is received within this period or compliance/ compliance verification is found unsatisfactory, it will result in stoppage of admission to the postgraduate course against the above mentioned seats.

The Postgraduate Medical Education Committee, in view of the observation regarding Dr .Manish Tiwari presumed that such act/ omission on the part of college authorities amounts to playing fraud upon the Council Authorities. Therefore, it has been decided to invoke regulation 8(3)(1)(d) of the Establishment of Medical College Regulations, 1999 that provides as under: -

“...
8(3)(1)

(d) Colleges which are found to have employed teachers with faked / forged document:

If it is observed that any institute is found to have employed a teacher with faked / forged documents and have submitted the Declaration Form of such a teacher, such an institute will not be considered for renewal of permission / recognition for award of M.B.B.S. degree / processing the applications for postgraduate courses for two Academic Years – i.e. that Academic Year and the next Academic Year also.”

Accordingly, the Postgraduate Medical Education Committee decided that a Show Cause Notice be issued to the College and an explanation be sought within 07 days as to why regulation 8(3)(1)(d) of the Establishment of Medical College Regulations, 1999 should not be invoked against their institution and why their college should not be debarred for renewal of permission / recognition for award of M.B.B.S. degree / processing the applications for postgraduate courses for two Academic Years – i.e. that Academic Year and the next Academic Year also.

Note: The Postgraduate Committee decided to seek explanation from Dean and faculty concerned for deficiency at Sr. No.1.

As per provisions of the Postgraduate Medical Education Regulations, 2000, failure to seek timely renewal of recognition as required shall invariably result in stoppage of admissions to the concerned Post Graduate Course. This is also clarified in the letter of recognition granted u/s 11(2) of the IMC Act, 1956 issued for these seats, which reads as under:

"...the recognition so granted shall be for a maximum period of 5 years from the date of Notification upon which the Institute shall have to apply for renewal of recognition. The Postgraduate Medical Education Committee, in view of the observation regarding Dr .Mary Daniel & Dr .Satish K .Kuruville, presumed that such act/ omission on the part of college authorities amounts to playing fraud upon the Council Authorities. Therefore, it has been decided to invoke regulation 8(3)(1)(d) of the Establishment of Medical College Regulations, 1999 that provides as under: -

“...
8(3)(1)

(d) Colleges which are found to have employed teachers with faked / forged document:

Accordingly, the Postgraduate Medical Education Committee decided that a Show Cause Notice be issued to the College and an explanation be sought within 07 days as to why regulation 8(3)(1)(d) of the Establishment of Medical College Regulations, 1999 should not be invoked against their institution and why their college should not be debarred for renewal of permission / recognition for award of M.B.B.S. degree / processing the applications for postgraduate courses for two Academic Years – i.e. that Academic Year and the next Academic Year also.

The Postgraduate Medical Education Committee considered the Council Assessor's Report (July, 2016) and compliance dated 17/01/2017 submitted by the college authorities and decided to recommend not to recognize MD(Anaesthesia) qualification for 2 seats granted by C.S.J.M. University, Kanpur in respect of students being trained at U.P. Rural Institute of Medical Sciences & Research, Etawah because of the following facts:-

Compliance is not satisfactory.

1. In respect of Dr. M.M. Arya, Institute has admitted he has only 2 years experience as Resident before appointment as Senior Resident; hence, not qualified to hold the post. His length of service as Senior Resident is irrelevant if his initial appointment is contrary to Regulations.
2. In respect of Dr. R.C. Yadav, Senior Resident, remark was that he does not have any experience as Resident before appointment as Senior Resident. No rectification is shown in this regard.
3. Other deficiencies as pointed out in the Assessment Report.

Admissions done (if any) against these seats i.e. 2(Two) seat after the first batch appeared in Examination till their recognition will be irregular/ illegal and not in accordance with MCI regulations (notified with prior permission of Central Government vide notification dated 21/07/2009) and will not be recognized. As per provisions of the Postgraduate Medical Education Regulations, 2000, failure to seek timely recognition as required shall invariably result in stoppage of admission to the concerned Post Graduate Course. This is also clarified in the letter of permission granted u/s 10A of the IMC Act, 1956 issued for these seats, which reads as under:

"This permission for starting/ increase of seats in the above course and admission of students will be till such time the first batch of students admitted against the above course appears for the first final examination in the subject."

In case, the college authorities desire to submit compliance, same should be received in this office preferably within four weeks of issue of this letter but definitely, prior to next admission so that the matter of recognition can be finally decided. If no compliance is received within this period or compliance/ compliance verification is found unsatisfactory, it will result in stoppage of admission to the postgraduate course against the above mentioned seats.

1. Deficiency of Dr. Kunwar Bharat, Senior Resident not having 3 years experience as Resident in a medical college affiliated hospital before appointment as Senior Resident remains as it is.
2. The Institute is permitted for 150 MBSS intake for which 3 Units are required. Unit III is headed by Asst. Prof. & hence cannot be considered as a teaching Unit. Contention of the Institute that only 2 Units are required is not correct and cannot be accepted.
3. Other deficiencies as pointed out in the Assessment Report.

Admissions done (if any) against these seats i.e. 2(Two) seats after the first batch appeared in Examination till their recognition will be irregular/ illegal and not in accordance with MCI regulations (notified with prior permission of Central Government vide notification dated 21/07/2009) and will not be recognized.
