As per provisions of the Postgraduate Medical Education Regulations, 2000, failure to seek timely recognition as required shall invariably result in stoppage of admission to the concerned Post Graduate Course. This is also clarified in the letter of permission granted u/s 10A of the IMC Act, 1956 issued for these seats, which reads as under:

"This permission for starting/ increase of seats in the above course and admission of students will be till such time the first batch of students admitted against the above course appears for the first final examination in the subject."

In case, the college authorities desire to submit compliance, same should be received in this office preferably within four weeks of issue of this letter but definitely, prior to next admission so that the matter of recognition can be finally decided. If no compliance is received within this period or compliance/ compliance verification is found unsatisfactory, it will result in stoppage of admission to the postgraduate course against the above mentioned seats."

Thus, it was clearly stated in letter of permission, dated 22.02.2011 that:

"This permission for starting/increase of seats in the above course and admission of students will be till such time the first batch of students admitted against the above course appears for the first final examination in the subject."

In the letter dated 30.11.2016 in which request for recognition was rejected & the deficiencies were listed it, was again clearly stated that: Admissions done (If any) against these seats i.e. 01 seat after the first batch appeared in examination till their recognition will be irregular/illegal and not in accordance with MCI regulations (notified with prior permission of Central Government vide notification dated 21.07.2009) and will not be recognized. As per provisions of the Postgraduate Medical Education Regulations 2000, failure to seek timely recognition as required shall invariably result in stoppage of admission to the concerned Postgraduate course. This is also clarified in the letter of permission granted u/s 10A of the IMC Act, 1956 issued for these seats.

Any admission done by the college after the first batch appeared in examination till their recognition is irregular/illegal not according to MCI regulations. If the college has admitted any student after 2016, those admissions are illegal & irregular.

The appointment of a Professor has till not been done in the department. The fault lies entirely with institution and punishment should be given to the institution. To deal with such cases the MCI with prior approval of Central Govt. has made the following regulations (notified on 05.04.2018).

“The institution shall apply for recognition of the postgraduate medical qualification to the central Government through the affiliating university when the first admitted batch shall be due to appear for the examination to be conducted by the affiliating university.

In the event of deficiencies being found in the assessment. The institution shall be granted an opportunity to submit compliance within 30 days from the date of communication of deficiencies by the Council. Such an opportunity to comply with the deficiencies shall be availed by the institute only twice. The postgraduate Medical Education Committee on finding the compliance satisfactory shall convey the recommendations to recognize the course. In all other cases, the prior permission of the Central Government granted under-sub-clause (1) shall be deemed to have lapsed after four and three years for postgraduate degree/postgraduate diploma courses respectively. Further, in such cases; recommendation shall be made to the Central Government to include the qualifications in the first schedule of the Indian Medical Council Act, 1956 only in respect of first four batches of postgraduate degree course and three batches of postgraduate diploma courses.

Failure to seek timely recognition as required in such-clause 2 shall invariably result in stoppage of admission to the concerned postgraduate course.

In the event of failure of the institute to seek recognition for existing post graduate courses the Council may recommended to the Central Government for imposition of exemplary penalty which may extend to rupees ten lakhs per seat of the postgraduate course; and / or stoppage of other postgraduate medical courses of the institution: and/or debar the institution from making any application for starting or increase of seats in postgraduate courses for a specified period; and/or reducing the intake capacity in MBBS.” The institution should be punished under this clause:

The Postgraduate Committee noted that the college was granted Letter of Permission u/s 10A of the IMC Act 1956 in 2011. However, admission was made only from the academic year 2013-14 onwards. Accordingly, the Postgraduate Committee decided to recommend recognition of **MD(Biochemistry) qualification for 1 seat granted by Kumaon University, Nainital in respect of students being trained at Govt. Medical College (Prev.Uttarakhand Forest Hospital Trust Med.Col.), Haldwani** in respect of batches admitted in the academic year 2013-14, 2014-15, 2016-17 & 2017-2018 only.

Any admission made thereafter is declared as contrary to Regulations. Further, permission granted under u/s 10(A) lapses and in case the college wishes to restart the course, it shall have to make a fresh application u/s 10A of the IMC Act, 1956.

102. Kumaon University, Nainital - Recognition of MD(Radio diagnosis) qualification for 2 seats in respect of students being trained at Govt. Medical College (Prev.Uttarakhand Forest Hospital Trust Med.Col.), Haldwani - Uttarakhand (Government).

Read: the letter dated 06/08/2018 received from Mr. Parikshit Saini, Council Advocate at High Court Uttarakhand, Nainital along with the Noting received from the Legal Section, compliances dated 18/06/2018 & 28.12.2016 received from the College Authorities and previous assessment report (July, 2016) with regard to Recognition of MD(Radio diagnosis) qualification for 2 seats in respect of students being trained at Govt. Medical College (Prev.Uttarakhand Forest Hospital Trust Med.Col.), Haldwani granted by Kumaon University, Nainital.

The Postgraduate Medical Education Committee considered the letter dated 06/08/2018 received from Mr. Parikshit Saini, Council Advocate at High Court Uttarakhand, Nainital along with the Noting received from the Legal Section, compliances dated 18/06/2018 & 28.12.2016 received from the College Authorities and previous assessment report (July, 2016) with regard to Recognition of MD(Radio diagnosis) qualification for 2 seats in respect of students being trained at Govt. Medical College (Prev.Uttarakhand Forest Hospital Trust Med.Col.), Haldwani granted by Kumaon University, Nainital.

The Institution was granted letter of permission on 29.03.2013 for MD(Radio Diagnosis) for 2 seats. Request from the college for recognition inspection was received on 23.05.2016 and inspection was done by MCI on 04.07.2016.

The Postgraduate Committee considered the inspection report on 13.10.2016 and following decision was taken:-

"The Postgraduate Medical Education Committee considered the Council Assessor's Report (04.07.2016) and decided to recommend not to recognize MD(Radiodiagnosis) qualification for 2 seats granted by Kumaon University, Nainital in respect of students being trained at Govt. Medical College (Prev.Uttarakhand Forest Hospital Trust Med.Col.), Haldwani because of the following facts:-

1. *Deficiency of faculty: (a) Assoc. Prof.: 1; (b) Asst. Prof.: 1.*
2. *Shortage of Senior residents: 1.*
3. *Dr. Bipin Pant & Dr. Harish C. Tripathi, Senior Residents do not have any experience as Resident before appointment as Senior Residents; hence not qualified to hold the post.*
4. *In the column of "Stipend paid by Institution to Residents" at Item § 26 in Summary, it is stated "-". It needs to be clarified whether stipend is paid to Residents or not.*
5. *DSA is not available.*
6. *Only 3 Static X-ray machines are available against requirement of 5 as per Regulations.*
7. *Workload of DSA was Nil on day of assessment.*
8. *Other deficiencies as pointed out in the assessment report.*

Admissions done (if any) against these seats i.e. 02 seats after the first batch appeared in Examination till their recognition will be irregular/ illegal and not in accordance with MCI regulations (notified with prior permission of Central Government vide notification dated 21/07/2009) and will not be recognized. As per provisions of the Postgraduate Medical Education Regulations, 2000, failure to seek timely recognition as required shall invariably result in stoppage of admission to the concerned Post Graduate Course. Any admission done by the college after the first batch appeared in examination till their recognition is irregular/illegal not according to MCI regulations. IF the college has admitted any student after 2016, those admissions are illegal & irregular.

The deficiencies pointed out has still not been rectified. The fault lies entirely with institution and punishment should be given to the institution.

To deal with such cases the MCI with prior approval of Central Govt. has made the following regulations (notified on 05.04.2018).

"The institution shall apply for recognition of the postgraduate medical qualification to the central Government through the affiliating university when the first admitted batch shall be due to appear for the examination to be conducted by the affiliating university.

103. Increase of seats in various postgraduate courses in lieu of surrender of diploma seats at NRI Medical College & General Hospital, Guntur, Andhra Pradesh-reg.

Read: the letter dated 22/07/2018 from the Principal, NRI Medical College, Guntur and Central Government letter dated 13/04/2018 forwarding therewith applications dated 31/03/2018 received from NRI Medical College & General Hospital, Guntur, Andhra Pradesh for increase of seats in various postgraduate courses.

The Postgraduate Medical Education Committee considered the matter with regard to increase of seats in various Postgraduate Degree Courses at NRI Medical College & General Hospital, Guntur, Andhra Pradesh under NTR University of Health Sciences, Vijaywada u/s 10A of the IMC Act, 1956 for the academic year 2019-20 in lieu of surrender of diploma seats and noted the matter pertains to surrender of diploma seats for conversion into degree seats.

The members of the PG Committee observed that institution was running the said Diploma courses with prior permission of the Central Government pursuant to recommendations of MCI upon their application. Further these courses are already recognized u/s 11(2) of IMC Act. Present request is only for surrender of these Recognized Diploma seats in lieu of equal number of Degree seats wherein no additional seat is being granted to the Institute.

In view of above and as per resolution of the General Body dated 23.03.2018 and Gazette notification dt. 12.07.2018 it was decided to recommend that diploma seats which were recognized and then surrendered, deleted and de-notified by the Central Government be converted into Degree seats as requested by the Institute for the academic year 2019-20 as under:-

S. NO.	Course	Existing PG Degree Seats	Diploma seats Surrendered to GOI/ MCI	Seats increase in lieu of Diploma
1.	MS Orthopaedics	3	3	3 to 6
2.	MD Radio-Diagnosis	4	2	4 to 6
3.	MS OBGY	4	3	4 to 7

150. Dr. Chandramohan K. V/S Regional Cancer Centre &Ors. - Writ Petition (Civil) No 19248 of Year 2017 in the Hon'ble Kerala High Court at Ernakulam (MCI File No. 13955).

Read: the matter with regard toDr. Chandramohan K. V/S Regional Cancer Centre &Ors. - Writ Petition (Civil) No 19248 of Year 2017 in the Hon'ble Kerala High Court at

Ernakulam (MCI File No. 13955) alongwith the explanation submitted by Dr. Chandramohan K and the written submission.

The Postgraduate Committee noted in compliance of the order dated 08.06.2018 of the Hon'ble High Court in Dr. Chandramohan K. V/S Regional Cancer Centre &Ors. - Writ Petition (Civil) No 19248 of Year 2017 in the Hon'ble Kerala High Court at Ernakulam, the representative of Regional Cancer Centre, Thiruvananthapuram and Dr. Chandramohan K were asked to appear before the Postgraduate Committee. While Dr. Chandra Mohan was present, the representative of the RCC were not present.

Dr. Chandramohan K in his oral observation submitted that the invitation of application for the post of Professor dated 04.05.2017 issued by the Director, Regional Cancer Centre, Thiruvananthapuram was not in accordance with the regulations prescribed in Minimum Qualifications for Teachers in Medical Institutions Regulations, 1998 for the discipline of M.Ch.(Surgical Oncology). Therefore, this invitation for application was contrary to MCI Regulations and cannot be given effect to.

The Postgraduate Committee noted that the Hon'ble High Court of Kerala at Ernakulam in its order dated 08.06.2018 has directed the MCI to consider the validity of the notification dated 04.05.2017 issued by the Regional Cancer Centre viz-z-viz the provisions of MCI " Minimum Qualifications for Teachers in Medical Institutions Regulations, 1998".

The Postgraduate Committee noted that

The qualifications prescribed by RCC vide Ext. P-1 of the Writ Petition is as follows:

Qualifications

1. A medical qualification included in schedule I & II or part III of the third schedule of the Indian Medical Council Act of 1956 (candidate possessing the qualifications included in part-II of the third schedule should also fulfill the conditions specified in section 13(3) of the Act.)

2. MS (General Surgery) or MS in one of the Surgical Specialties or MD (Obstetrics & Gynaec) or Equivalent

3. 14 years teaching and / or research experience in a recognised institution in the subject of speciality after obtaining the qualifying degree of MS (General Surgery) or MS in one of the Surgical Specialties or MD (Obstetrics & Gynaec) or Equivalent thereto

Desirable

1. Experience of active participation and sharing of responsibility in administrative and academic activities of a well organized department in the speciality concerned / experience in running research projects.

2. Adequate research experience evidenced by quality research publications in indexed journals.

The PG Committee noted that that Regional Cancer Centre has invited applications from internal candidates on 04.05.2017 wherein it has been stated as under:-

Further, the PG Committee noted that the appointment to teaching faculty in a medical colleges has to be made in accordance with the Regulations prescribed in Minimum Qualifications for Teachers in Medical Institutions Regulations, 1998 for the discipline of M.Ch.(Surgical Oncology). The academic qualification and teaching/research experience required for the post of Professor in the Surgical Oncology is as under:-

"M.Ch (Surgical Oncology) /

M.S (Surgery) or M.S (ENT) or MS (Orthopaedics) or M.D.(Obst. & Gynae.) with 2 years special training in Surgical Oncology.

With Teaching /Research Experience i) as Associate Professor in the subject

concerned for 3 years in the recognised college and ii) minimum of four research publications in indexed / national journals.”

Perusal of condition prescribed by the Regional Cancer Centre, Thiruvananthapuram in its invitation to internal candidates for the appointment of Professor brings out clearly that the qualification of M.Ch in Surgical Oncology has not been prescribed therein. Therefore, it is not in accordance with MCI Regulation as M.Ch. Surgical Oncology qualification is not included therein. Therefore, Regional Cancer Centre [R-1] has prescribed a lower level of qualifications than what is prescribed by MCI Regulations for which it has no power. Accordingly in view of the above stated position of law the qualifications prescribed for the appointment of Professor (Surgical Oncology) in the institution vide Ext. P-1 by RCC is ultra vires of MCI regulations. It is incumbent upon the institute to invite applications in accordance MCI Regulations prescribed in Minimum Qualifications for Teachers in Medical Institutions Regulations, 1998 for the post of internal candidates.
