Not Approved. Members of PG Committee observed that vide letter dated 14/12/2017 (received in this Council office on 27/12/2017) from the Convener – CENTAC Government of Puducherry has stated as under:-

"....The CENTAC had conducted PG-Medical counseling on 11.05.2017 and 12.05.2017 and 19/05/2017 for Management Quota Seats available in 7 private medical colleges including Deemed Universities in the Union Territory of Puducherry. The final mob-up counseling was conducted on 28/05/2017 for that the CENTAC has requested all the colleges to furnish their vacancy details (as not reported candidates or left out candidates list). All the private Medical College except PIMS have furnished the details in the right format whereas, the PIMS given only the vacancy details in numbers without mentioning either the name of the admitted students or name of the left out and not reported students.

2. *Dr. P. Rajashree and Dr. G. Dinesh babu have attended the counseling on 11/05/2017 and the CENTAC has issued allotment order for admission to PG courses in OBS. Gynecology and General Medicine respectively in PIMS under General Category. As directed by the Hon'ble Supreme Court of India, the CENTAC collected tuition fee from the selected candidates and the same have been forwarded to the concerned Medical Colleges to ensure their admission. Dr. P.Rajashree (Obs. & Gynecology) and Dr. G.Dinesh babu (MD – General Medicine) have directly paid their tuition fee to the PIMS, Puducherry and admitted on 15/11/2017. The admissions of these two candidates have not been reported to the CENTAC by the PIMS.*
3. *Even on 28/05/2017 the representative of PIMS could not able to furnish the list of students admitted. The PIMS could not able to tell the names of the students who left 1 General Medicine and 1 – Obs. & Gynecology. So, the CENTAC had removed the name of Dr. P. Rajashree and Dr. G. Dinesh Babu who were not submitted their Demand Draft through CENTAC.*
4. *On 29.05.2017 the CENTAC received a mail from PIMS stating that one vacancy in General Medicine and one vacancy in Obs. & Gynecology arised because of Vijithra. T and Saravana Bharathy Subbiah left out and Dr. P. Rajashree and Dr. G.Dinesh Babu were admitted in Obs. & Gynecology and General Medicine respectively. The above sequence clearly shows that the Institute did not report the admission of these 2 candidates to CENTAC in time. Further, in para 4 students, it is clearly stated that these 2 candidates have been admitted in vacancies caused by 2 other students leaving out which was not necessary if these 2 students were allotted by CENTAC in the first Instance.*

The Postgraduate Section has sought my opinion on the Central Government letter dated 09.04.2018 on the subject "Extension of last date for receipt of applications for starting/increasing the intake capacity of PG seats". This letter states as under:

"I am directed to refer to the subject mentioned above and to say that vide notification dated 05.04.2018, revised teacher- student ratio has been extended to

the non-government medical colleges/institution in all clinical subjects with some conditions. It has also been allowed to apply for starting PG courses in clinical subjects at the time of fourth renewal. These measures will create some more PG seats. However, as per the notified Time Schedule, the last date for receipt of applications for starting/increasing the intake capacity of PG seats was 7th April, 2018.

2. Accordingly the competent authority has approved that the last date for receiving the applications for starting/increasing the intake capacity of PG seats may be extended upto one month so that some more PG seats can be created.
3. It is therefore, requested to do the needful for extending the last date for receipt of applications upto one month."

2. In this regard, it may be noted that the application for starting/increase of seats for Post Graduate courses in Broad Specialty is required to be processed in accordance with the time schedule notified in the "Opening of a New or Higher Course of Study or Training (including Post-graduate Course of Study or Training) and Increase of Admission Capacity in any Course of Study or Training (including a Postgraduate Course of Study or Training) Regulations, 2000" which is as under:

5.	Final recommendations for the Letter of Permission by the Medical Council of India.	By 31 st January
6.	Issue of Letter of Permission by the Central Government.	By 28 th February

3. The above time schedule has been approved by the Hon'ble Supreme Court vide its order dated 18.01.2016 in WP (C) No. 76 of 2015- Ashish Ranjan Vs. Union of India & Ors. The Hon'ble Supreme Court has categorically held in Mridul Dhar Vs. Union of India (2005) 2 SCC 65 and Priya Gupta Vs. State of Chattisgarh (2012) 7SCC 433 that there should be strict adherence to the time schedule prescribed in Regulations and any deviation from the time schedule by any authority would invite contempt. Accordingly,

it is not permissible for the Council to agree to the request of Central Government for extending the last date for receipt of the applications upto one month. In case the Central Government desires any change in time schedule it may file an appropriate application before the Hon'ble Supreme Court.

In view of above legal opinion, the Postgraduate Committee decided to accept the legal opinion and directed the office to communicate the same to the Central Government.
